Letter of recommendation and gratitude

1st of July, 2013

On behalf of the administration of UAB “AD Baltic”, I would like to thank the great team of “Adros Baltija” Ltd for their professional, qualitative and operative work that they have done in assisting our company in the recruitment process.

Thanks to “Adros Baltija” Ltd tremendous help, we were able to successfully fill the position of director in our company in only two weeks! As time was essential in this project, we highly appreciate the efficiency and the accuracy, with which the job was done! Also the cross country communication deserves compliments as our companies’ headquarters are in Lithuania, but the position of Director was vacant in Latvia!

We highly appreciate our cooperation and we recommend “Adros Baltija” Ltd as very professional, competent, operational and trustworthy recruitment partner!

Thank you again!

Kind regards,

Auksė Glavinskienė
